### HALES DAIRY HERD TOPPED PLAINS SHOW

Randall County Breeder  
Again Leader With  
Holsteins

GRAND CHAMPION

Was Winner at Dallas  
and Fort Worth  
Shows

H. B. Hales & Sons, Holstein breeders of Randall county swept the Holstein division of the Panhandle-Plains Dairy show at Plainview yesterday. Winning both grand and senior championships and also the junior championships in both the bull and female classes they left little to their competitors in the way of high honors.

Judging was completed shortly before noon by Joe Ridgeway of Fort Worth, Judge. Mt. Riga Nudine Piebe Lad, owned by the Randall County Holstein bull circle was both senior and grand champion. He was grand champion last year at the same show as well as winning the same honors at the Tri-State Fair and the South Plains fair at Lubbock in 1932; first in his class and senior champion at the State Fair at Dallas last fall and also first prize winner at the Fat Stock show this spring at Fort Worth. This bull is the second bull owned by the Randall county circle to be given grand champion honors at the dairy show. This bull circle was organized and the bulls selected over five years ago by W. H. Upchurch, county agent.

The senior and grand champion female, Grahaholm Hazel Colanthia, was selected by County Agent Upchurch and purchased as an addition to the Hales herd the past winter from the famous herd of the Mt. Riga Farms of Big Cabin, Okla. This cow was All-American heifer at the National Dairy show in 1926.

In addition to the above the Hales farm herd won the following: first graded herd, first yearling herd, first calf herd, first get of sire, first produce of dam, first bull six months and under twelve, first bull under six months, first cow three and under four, first cow two and under three, first heifer 18 months and under 24, first heifer 12 months and under 18, first heifer under six months.

The Hales herd also won two places in the production contest: Second in two year class and third in under two year class, competing with all breeds.

Ray Gowdy, a Randall county club boy, won second on his calf club heifer and was beaten only by the Junior Champion heifer shown by R. P. Hales.

Other breeders showing Holsteins were Texas Technological College at Lubbock, J. W. Heaven of Plainview, and F. N. Welch of Friona.

Randall county came in for a considerable share in the honors in the Jersey division of the show. As the judging was not complete at a late hour yesterday a list cannot be given.

### Rev. Gaston Foote Will Conduct Re- vival M. E. Church

Rev. E. Gaston Foote, pastor of the Amarillo San Jacinto Methodist Church, will conduct a revival at the local Methodist church starting next Sunday and continuing for two weeks. He is the son of Rev. and Mrs. C. W. Foote and is well known in this city, having held meetings here in the past.

He is closing a meeting at Marshall, reports indicating a very successful revival.

Rev. Foote has asked the citizens of Canyon to join in the services as they are conducted for the coming two weeks.

Mr. and Mrs. Ira Younger and daughter of Vernon were in Canyon Saturday to attend the Track Meet at the College and to visit his father, J. B. Younger.

### Panhandle Artists Will Display Work In New Museum

One of the most interesting features of the exhibits to be seen this week in the Panhandle Plains Historical Society Museum is the pictures of Panhandle artists which are on display in the Mary E. Hudspeth Art Room at the east end of the building.

The artists whose work appears are Harold Bugbee, Clarendon, Mrs. C. E. Palmer, John Eliot Jenkins, Ben Carlton Meade, Margaret Seewald, of Amarillo, Vernon Hunter of Amarillo and Farwell, and A. W. Mack of Canyon.

All of them are especially interested in depicting phases of life upon the Plains. Among the Bugbee pictures is a portrait of Colonel T. S. Bugbee which is a gift to the Museum, and one of Colonel Charles Goodnight as he appeared in his later years, which will continue to hang in the art room. These portraits will be particularly delightful to old timers who have long loved the subjects.

Most of the work in the exhibit is in oils, but Miss Seewald's contributions are very lovely etchings. Those who view the exhibit will find the lighting of the room unusual, in that no part of it receives more light than another, no matter where the sun may be, and the artificial lighting which is necessary at night gives the same effect as sunlight in the daytime. Very few galleries are as well lighted as the small one in the museum, according to M. O. Carder, the architect who supervised its installation.

### Judge Kelso Says Proposal Will Be Made Stockholders

Judge I. R. Kelso of St. Louis, president of the Texas Utilities Company, met in Amarillo Friday with directors of the protective committee of the American Commonwealth Power Co. Clyde W. Warwick represented the stockholders from Canyon.

Gene Howe, chairman of the executive committee, recently returned from New York where he met with bankers who are trying to reorganize the affairs of the power corporation. Both Mr. Howe and Judge Kelso have presented to the bankers that the consumer-owners of this section should be protected in any organization plan to the extent of 100% of their holdings. It was promised that a definite proposal would be made by the bankers within the coming month.

### Panhandle Golf League Is Made Here on Tuesday

Representatives from four golf clubs met in Canyon Tuesday night and organized the Panhandle Golf League composed of the Canyon Club, Tulla Club, Hill Crest Club of Amarillo, and River Road Club of Amarillo.

A tournament of six games will start April 30th. In the tournament this year every member of the various clubs will be given a chance to play. While the teams will be composed of 20 members each and each of these matches will count one point, all members in excess of 20 are urged to participate and will count one-half point in the club's score. T. V. Reeves stated yesterday that he hoped every golfer in Canyon would get into these tournaments, as each club was urging that 30 or more members play.

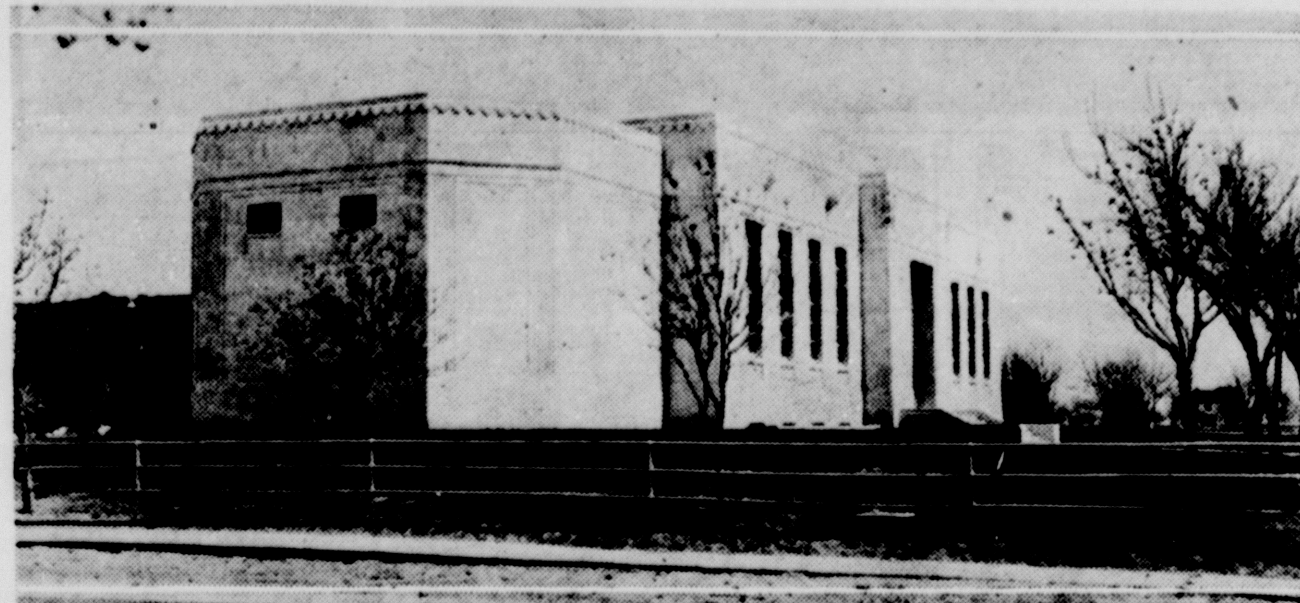

Marvin Gilbert of Tulla was elected president and G. W. Dodd was elected secretary of the League.

Seventeen golfers went to Tulla Sunday to play in the invitation meet between Plainview, Tulla, Hereford and Canyon.

**COUNTY CHAIRMEN MEET**  
A. M. Smith and C. M. Presley were in Plainview Wednesday to attend a meeting of the Democratic County Chairmen of the 18th Congressional district. Mr. Smith is secretary of the association which was recently formed in Canyon.

Mrs. J. A. Hill and Mrs. Clyde Warwick attended a federated club meeting in Friona yesterday.

### CURTIS BROWN TAKEN FRIDAY IN BOOZE RAID

Sheriff Bob Barnett and  
Deputy Costley Make  
Arrest

7½ GALLON WHISKEY

Bond Made and Case Goes  
to Grand Jury in  
August

Curtis Brown was arrested Friday night northeast of the city along the Palo Duro by Sheriff R. N. Barnett and Deputy Glen Costley. Whiskey to the amount of 7½ gallons was taken.

The booze was hidden in the side of the cliff, and while Brown was digging away the covering, he was surprised and overcome by the officers.

Brown was held in jail until bond in the amount of \$2,000 was made Saturday afternoon.

The case will come before the grand jury at the August term of the district court.

Mr. and Mrs. L. H. Cooper and children of Portales were in Canyon to spend the week-end with Mrs. Rhea Robbins.

### Seed Loans Must Be Filed Before Last of April

Farmers desiring seed loans for this year must have their applications in by April 30th states W. H. Upchurch. The government will not consider seed loans until filed by that time.

A large number of applications have been made by the farmers of Randall county for seed loans, and a number of checks have been received.

### April 30th Final Date for Filing of Homestead Exempt

Home owners who wish to take advantage of the \$3,000 exemption from state taxes must have their renditions made out on or before April 30th.

Burney Slack, tax assessor, is working on the tax renditions at the present time, and hopes that all home owners who are entitled to this exemption will see him before that date.

### COMMISSIONERS COURT HAS QUARTERLY SESSION

The quarterly session of the commissioners court was held Monday. Reports of the officers were approved during the session.

Only routine business was transacted during the session, stated Judge S. B. Orton.

### GLEE CLUB OF COLLEGE IS HIGH IN RANK

Contest Held Saturday In  
Lubbock With Other  
Colleges

MEET COMES HERE

200 Contestants Will Take  
Part in Music Meet  
Next Year

The W. T. Girls' Glee Club was given a rating of "Superior Ranking" at the Tri-State Music Association contest held in Lubbock Saturday. Walter Griffin, voice authority of San Antonio, judged the contest.

No first place award was given in the contest. Texas Tech, Wayland College, and W. T. S. T. C. were the only entrants. Miss Pauline Brigham directs the W. T. Club.

W. T. has secured the Tri-State for Canyon next year. The musical association will bring approximately 200 contestants from colleges and high schools of West Texas and New Mexico to the Campus in April a year hence.

### Dream of Pioneers Is Realized in Completion of \$50,000.00 Building

At twelve o'clock tomorrow, the key will be turned in the lock of the Panhandle-Plains Historical Society Museum, and visitors will be admitted for the first time. With a salute fired from a cannon which may once have served against savage foes, President T. D. Hobart will open the doors and officers and members of the building committee will receive the visitors who come during the first few minutes that the building is open. After that special guides will be in charge throughout the day and until ten at night so that all who wish may visit the building.

The programs of the day begin at 10:00 o'clock, with Clyde W. Warwick, presiding at the first session in the Main Auditorium. A colorful pageant, telling the story of life of the Plains from the dawn of history will be presented, about 100 characters appearing. This pageant was planned by the Lloyd Green Allen scholarship Society, with Miss Edna Graham sponsor. Miss Hattie M. Anderson, Miss Angie Debo, S. H. Condon, Miss Mary Morgan Brown and C. W. Batchelder have assisted in its preparation. The interpretation, which was written by Miss Margaret Camp, will be given by Charles Donnell, in the form of a story told by an old man to his grandsons.

Following the pageant, Judge H. E. Hoover, chairman of the Society's building committee will give an address.

From twelve o'clock until the opening of the business session at 2:30, the crowds will be inspecting the museum, and securing lunch at the famous Sweetwater Chuck Wagon which will be here in charge of Jake Hendricks. This chuck wagon will be on the grounds and serve coffee from about nine o'clock; the typical chuck wagon lunch to cost those who go twenty-five cents; an unlimited number can be served. This chuck wagon is the genuine article, having been used on the DZ ranch in the 80's. It now visits many meetings of cattlemen who desire to keep alive the memories of other days in their industry. Each visit finds more brands added to the wagon, until it carries a wide sampling of the heraldry of the range.

The business session at 2:30 will (Continued on last page)

### SENATE HAS PASSED BILL FOR SUPPORT

Reduction Made Amounts  
to About 30 Per  
Cent

HOUSE NOT ACTED

Summer School Money  
Not Yet Passed By the  
House Committee

The Senate has passed the educational appropriations bill for the coming two years. The bill provides for a reduction of practically 30% in appropriations for all of the colleges of the state.

W. T. was allowed \$186,036 for each year, which includes \$23,312 for summer school during 1934 and 1935.

The House has not acted upon its appropriation bill in which W. T. was cut to \$119,493, with no provision for summer school.

The House appropriations committee voted Friday night on the Senate appropriations bill for summer school for this year, but a tie 10-10 vote resulted, and no further action has been taken. It is believed that on the next vote the bill will be approved by the committee.

Dr. J. A. Hill returned Sunday night from Austin where he spent last week. It is generally believed by the educational forces that the House will pass its bill as written by the committee and that the fate of appropriations rests with the free conference committee between the House and Senate. Whether or not the Senate will refuse to cut any more on the bill, and whether or not the House will pass a bill calling for larger appropriations yet remains to be seen.

Judge J. D. Hamlin of Farwell, who has been representing the Chamber of Commerce at Austin, has been at home this week looking after business and will be in Canyon tomorrow to make the principal address at the dedication of the museum. He and Dr. Hill will likely return to Austin Sunday to remain until the appropriation bills are finally passed.

### Mother of J. J. Walker Died at Home in Abilene

J. J. Walker was called to Abilene Thursday by the death of his mother, Mrs. J. C. Walker. Mr. and Mrs. Walker had returned from her bedside on Wednesday where they spent several days. Mrs. Walker was in her 86th year, but had enjoyed good health until recently. The funeral services were held Friday afternoon at Shady Grove, Stevens county, at the old family home.

Mrs. Walker had been a member of the Christian Church for more than 60 years. She is survived by two sons, J. V. Walker of Abilene, and J. J. Walker of Canyon, and two daughters, Miss Clara Walker of Abilene and Mrs. Leah Beverly of Tucson, Ariz. The latter was unable to attend the funeral owing to illness.

### DR. BROWN RETURNING

Dr. H. A. Brown and family are on their way home from Corpus Christi where they spent the winter on account of Dr. Brown's health. They are expected home sometime before the first of the month.

Wallace Hastings spent the week-end in the home of his mother at Clarendon.

### Sweetwater Chuck Wagon Outfit To Be Here Friday

At the invitation of the Panhandle-Plains Historical Society, Sweetwater's old time Chuck Wagon will be present and provide an old time chuck wagon dinner at the annual meeting, and dedication of the Society's historical museum at Canyon, April 14.

The old time Chuck Wagon, property of an organization of cowmen in Sweetwater, has made its appearance during the past year at all conventions and celebrations in West Texas where cattlemen were to be found. It has recently returned from Ft. Worth, where it participated in the organization of the West Texas Pioneers Association, and was on display during the Fat Stock Show and Cattle Raisers' Convention in the lobby of one of the leading hotels.

Its visit to Canyon will be in the nature of a homecoming, as the chuck box and equipment of the wagon was used on the South Plains in the early eighties, by the D Z Ranch. The wagon bears many old time brands, placed on it by cowmen and former cowmen, and will no doubt receive a number of new brands on the trip.

Officers of the Organization are: Tom Hughes, wagon boss, John M. Hendrix, wrangler, Cap Newman, hoodlum, Horace Wade, cook. The purpose of the organization is to perpetuate the traditions of the old time cow outfit. Three meetings are held each year, one in the spring, a mid-summer meeting at the Cowboy Reunion in Stamford, and a fall meeting on Bitter Creek south of Sweetwater.

## THE TEXAS WEEKLY OBJECTS

The Texas Weekly, voice of the interests of Texas, objects to the defense of the Canyon News for the educational system of Texas. The Texas Weekly refers to editorials in six weekly newspapers, three of which are opposed to state supported colleges of any kind, and calls the support of the Texas press unanimous excepting for the Canyon News, in its opposition to state-supported colleges. Evidently the Texas Weekly has not taken the pains to read scores of weekly newspapers in West Texas, and practically all of the West Texas daily newspapers, which oppose the movement to meddle with West Texas institutions.

The Texas Weekly makes the same mistake as did the Graves report in referring to the West Texas State Teachers College as an "isolated" institution. Peter Molyneux has bragged long about being an expert on Texas affairs, but he makes the usual mistake of East Texas citizens in referring to West Texas as "scarcely populated." It should be recalled that Molyneux was not so much of a political prophet three years ago when he dismissed Clint Small by placing him near the bottom of the list in the first primary. He knows as much about West Texas as Dale Miller evidently knows about the educational system of Texas.

But the greatest display of lack of information comes in the last sentence: "After answering the Dallas News and the Texas Weekly, the Canyon journal substantiates its own stand by quoting a typical Arthur Brisbane eulogy on the way things are done in California!"

The Texas Weekly did not know that the State Board of Education members had been parading over Texas praising the California system; that so-called educational reformers at Austin were praising the California system as being ideal; that the legislature has been informed that if Texas would adopt the California system, all our educational troubles would be over. But there is one thorn in the side for all these reformers; all of them in Texas would make junior colleges of the teachers colleges, whereas the report in California advocates that teachers colleges grant masters degrees. The Texas reformers would be happy if that recommendation had not been printed in the California report. Perhaps they could uphold the California system as the pattern they are using, were it not for the fact that they realize 108 recognized educators wrote the California report. The two Texas reports, both praised so highly by the Texas Weekly and the Dallas News, were the work of two small commissions, neither of which employed a single educator of recognized ability.

A fair deal for education in Texas is all that the schools ask. They have not received it at the hands of many who are willing to wreck the system in order to save taxes for some of their pets who are not paying an adequate proportion.

## A NOTABLE WORK

In the dedication of the museum building tomorrow the first goal toward the achievement of an undertaking proposed several years ago, is reached. Founders of the Panhandle-Plains Historical Society had visions of a museum building in which to house the records of those who have passed on.

Four years ago it was decided that an adequate building must be erected, and work was started in that direction. Unhindered by the depression, the work was pushed forward. The spirit which carved from the untamed Western buffalo range this prosperous and progressive country would not be downed. The fighting spirit of the pioneers carried on.

The dedication of the museum does not mark the end of the work. It is merely the beginning. The facilities of preserving the history and development of the Panhandle are now at hand. Much of the material has been saved from the ravages of time, but not nearly all of it.

The work which has largely been one of love on the part of the pioneers must now fall to the younger generation. More facilities should be provided to gather the history of the Panhandle, and to preserve the same. There is practically enough material on hand now to fill the present quarters in the new museum.

All honor is due to those who

have worked and sacrificed to complete what is now known as the first unit of the building. Those who will continue with the building have caught the spirit and inspiration from those who have made possible the building and the accumulation of valuable relics. They will continue with the work throughout the years to come.

In the dedication of the first museum building in the state of Texas, let all honor be extended to those who have labored so loyally that coming generations may have a true picture of this wonderful section.

Most of the citizens of Canyon realize that the loss of the College, or its reduction in rank, would be a serious blow to business and to property values in this city. All of our people know that the Chamber of Commerce has thrown its entire strength in opposition to any movement which would cripple the college. Judge J. D. Hamlin of Farwell is so greatly interested in the future of W. T. that he has served in Austin without pay to save this college. Yet there are business firms in Canyon who refuse to assist in paying the expense of this campaign. There are firms which have referred in most uncomplimentary terms to the activities of the Chamber of Commerce. There seem to be some people in Canyon who are willing to sacrifice their own interests rather than assist the majority in upholding the welfare of the community; but they would be the first to "holler" if the college should be crippled. Get behind those who are making Canyon what it is, by keeping its institutions.

"What a country this is," stated Judge I. R. Kelso Friday. "In spite of present adverse conditions, America is fundamentally sound." He recalled the national campaign of four years ago when the son of a fish dealer on east side New York faced an orphan boy from the Plains of Iowa as the standard bearers of the two great political parties. "A nation that will allow its people to develop real leaders from every walk of life cannot be overcome with difficulties," stated Judge Kelso.

It is surprising to see the sentiment which has developed in West Texas favorable to a new state. A number of newspapers have taken a ballot among their readers to determine the sentiment. In nearly every case has the sentiment been favorable to the new state. If the educational institutions of West Texas are wrecked by the present session of the legislature, immediate steps will be taken toward the formation of a new state.

The sales tax has been definitely killed by the House of Representatives in spite of pleas by Ex-Governor James E. Ferguson. About the only revenue producing measure pending before the legislature is the graduated tax on oil. This will be bitterly opposed by oil men over the state. If it is imposed, it should be more effective than any proration measure ever enacted by the Railroad Commission.

The president's salary cannot be increased or reduced during his term of office. But Roosevelt returns his own check to the treasury for the same percentage reduction which he imposed upon others. It is a poor doctor who cannot take his own medicine.

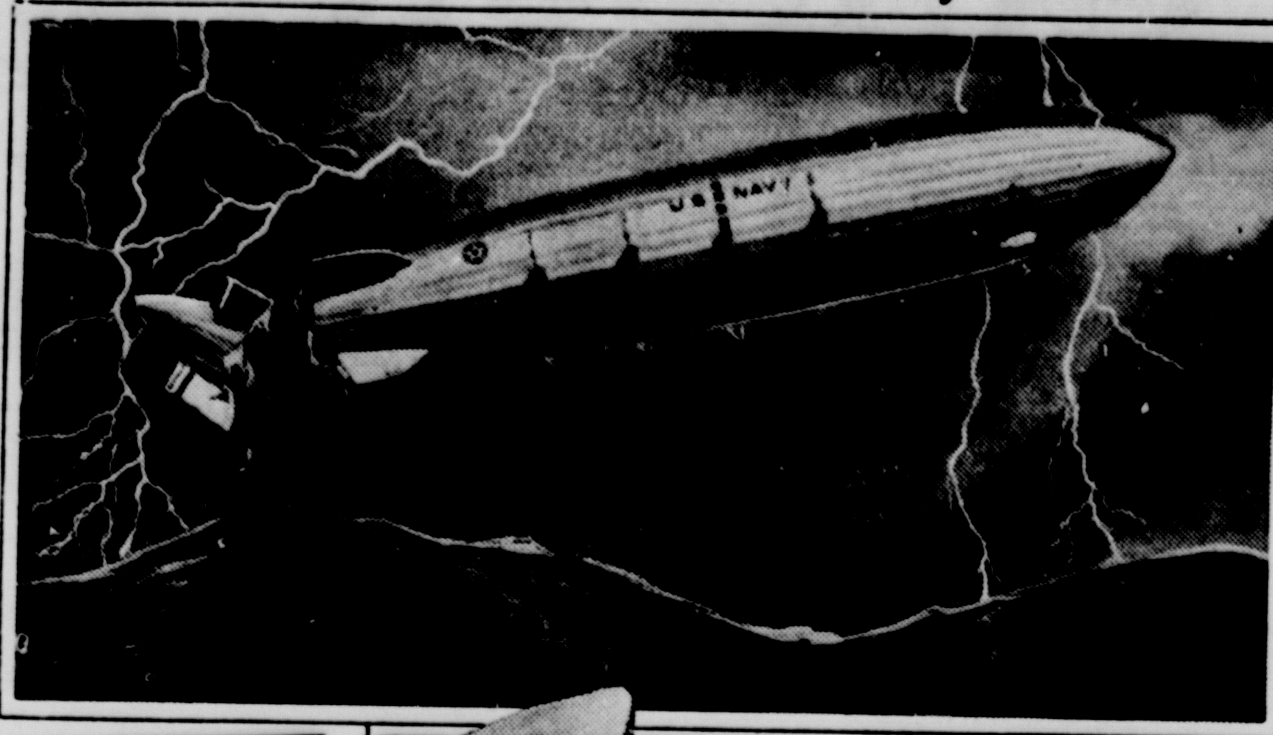

President Roosevelt is inviting all the nations to discuss war debts and disarmament. Practically all of them owe us money. To make some definite payment arrangements is the best thing that may be done about these debts.

Paying tribute never costs much, which is one reason for its great popularity.

## As Akron Plunged 73 to Watery Death

The awesome sight of the gigantic Navy dirigible, U. S. S. Akron, lurching in turbulent winds above the Atlantic just before it plunged to the water with its officers and crew of 77 men, is pictured in the above composite photograph. One officer and three members of the crew were rescued shortly after the disaster. Rear Admiral William A. Moffett, in center, chief of the Naval Bureau of Aeronautics, and Commander Frank C. McCord, at left, who was in charge of the dirigible, were among those missing. Lieut. Com Herbert V. Wiley, right, second in command of the Akron, was the officer who was saved. The tragedy occurred 20 miles off the New Jersey coast.

The first train over the new cut-off—Panhandle to Amarillo, was on Monday.

Mrs. George Reynolds and daughter, Miss Neva, returned Monday from a visit to friends and relatives at Memphis.

Mrs. McGehee and daughter, Miss Sallie, who for some time have been with Mr. and Mrs. I. C. Jenkins, moved to the country this week.

Sheriff Slover says that if the present flour mill proposition goes he will donate the site. A very liberal offer, indeed, and one that does credit to the public spirit of Mr. Slover.

Mrs. Robert Faulkner returned Monday from a few days' visit to her daughters at Amarillo.

Mr. and Mrs. E. M. Conner of Abilene, arrived here Wednesday and will spend the summer with their son-in-law and daughter, Mr. and Mrs. R. G. Oldham.

**Tuesday's Canyon City Election.** Only one candidate on the ticket for each of the wards and practically no opposition, the interest in the election was less than expected. Only 52 votes were polled with results as follows:

For alderman ward 1, Joe Service.

For alderman ward 2, T. F. Reid.

For alderman ward 3, Dr. S. L. Ingham.

For city attorney, Walter E. Cranford.

As will be observed with the exception of Dr. Ingham, who takes the place of T. H. Rowan, the city council remains the same.

The private bank at Lockney is to be changed into a National bank with a capital stock of \$25,000. Among the stockholders of the new organization are L. T. Lester, J. C. Pipkin, L. C. Lair, and R. G. Oldham of this town.

## Use Phillips 66 Gasoline and Save \$50 a Year

If you drive a car, this picture is of vital interest to you—even if you never expect to build a camp fire!

The cartoon illustrates, simply and graphically, what is wrong with ordinary low-gravity gasoline.

Just as a good fire needs paper or light chips to catch the first spark, so gasoline requires very volatile (high test) elements for quick response and snappy action. The kindling corresponds to the medium gravity range in gasoline. And the large logs represent its "heavy" parts.

Combine all these—which is exactly the case with Phillips 66—and you get quick, even, sustained power. Every drop of this higher test gasoline burns clean. There is no knock, no waste. No unused energy blows out the exhaust. No low-test elements resist vaporization and dilute the crank-case oil.

## Gasoline made-to-order for YOU

In addition, every gallon of Phillips 66 gives you the benefit of CONTROLLED VOLATILITY. Based on Government weather reports over long periods of years, barometer records, and many thousands of continuous road tests; we scientifically pre-adjust the Phillips 66, which you buy, to your locality and its weather. Hence, this greater gasoline never fails to deliver the peak of performance in your car.

## Here's how to save that \$50

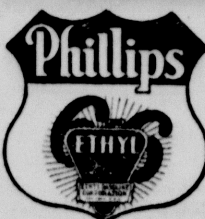

Now sum up these savings: Without extra cost, you get higher test and higher anti-knock gasoline. Your engine delivers more pep, power, and mileage. It stays fast, smooth, and flexible with fewer carbon-scraping and valve-grinding jobs. Motor wear and tear is sharply reduced. To the average car owner, these combined savings will rarely mean less than \$50 per year.

Remember, Phillips 66 gravity right now ranges from 62° to 68°. The difference in results is so easy to feel, that even inexperienced drivers note the improvement.

Get a trial tankful tomorrow at the Orange and Black 66 shield, where this sensational performing gasoline does not cost a penny premium . . . And while you are there, why not drain and refill with Phillips 66 Motor Oil! It is the perfect partner of Phillips 66 gasoline in quality, value, and performance. ### Canyon To Furnish Officers For District Convention at Hereford, April 19, 20, 21

Canyon, furnishing the president, Mrs. J. A. Hill, and the secretary, Mrs. Clyde Warwick, as well as several important committee members, will take an active part in the Annual Convention of the Seventh District Federation of Women's Clubs which meets at Hereford Wednesday, Thursday and Friday of next week.

The 1933 convention program has been planned to entertain and honor the officers of the State Federation, the officers of the Seventh District, and the delegates from the 137 clubs which make up the District. Mrs. Carl Scott and Mrs. M. L. Sadoris, members of the Public Welfare department, and Mrs. T. V. Reeves, chairman of press and publicity, have worked with the district officials and the club women of Hereford toward making the convention a success.

Dr. Hill of the College will speak to the delegates Wednesday evening at the Hereford High School, while Mrs. Hill will preside over the sessions. The State President, Mrs. J. W. Fincher of Houston will speak at the Thursday morning session.

Social features of the convention will include a luncheon at noon Wednesday with the Pioneer, Dean, Wyche, Ward and Fairview clubs of Hereford as hostess clubs, a program tea Wednesday afternoon from 5 to 6:30 at the home of Mrs. E. B. Black as a courtesy of the Hereford Chamber of Commerce, noon luncheons at the Baptist church Thursday and Friday.

## A COMMON SENSE REMEDY TO HASTEN THE RETURN OF PROSPERITY

This sound philosophy of that great American, BENJAMIN FRANKLIN, is worth reading and following:

"What signifies wishing and hoping for better times? We may make these times better if we bestir ourselves. Industry need not wish and he that lives upon hope will die fasting. There are no gains without pains . . . . "Industry pays debts, while despair increaseth them. Diligence is the mother of good luck, and God gives all to industry . . . . "Then plow deep while sluggards sleep and you shall have corn to sell and to keep."

The policy of the Canyon Banks always has been, and always will be, to work for the best interests of Canyon and Randall County, and to serve depositors along sound and constructive lines.

## Federal Inspection for Company F to Be Held Friday

The Annual Federal Inspection of Company F of the Local National Guard will be made by Major Paxton of the Regular Army from Fort Sam Houston Friday evening, April 14 at eight o'clock. The general public is invited to attend the inspection. Members of the American Legion and all ex-service men are especially invited and urged to witness this inspection.

If weather permits, the ceremony will be held out of doors on the drill ground just west of the armory on Third Avenue.

Captain Lockhart reports the company in excellent condition for the inspection and is expecting to receive a high grade.

## ORTON AND WORTHAM SEEK RFC MAY FUNDS

Judge S. B. Orton and Fred E. Wortham were in Amarillo Monday meeting a state representative of the RFC funds, and made application for aid for this county for the month of May. April funds will be received in a few days.

Owing to the advance of spring, the organization sought to cut down aid in the state. However, a plea was made for the Panhandle section that spring is not so advanced, and that gardens will not be possible for some time. Governor Ferguson is expected to approve the requests for the state within the coming week.

## W. H. Stroud Is Named President School Trustees

At the meeting of the school trustees Tuesday night, W. H. Stroud was elected president of the board to succeed Dan F. Sanders. Alfred Bellah was elected vice-president.

Alfred Bellah and T. V. Slack were installed members of the board to serve for a three year term.

## EASTER SERVICES AT PRESBYTERIAN CHURCH

Easter will be observed in the Sunday morning services at the Presbyterian Church with a musical program. Miss Pauline Brigham is director of the choir.

A composition of Mrs. Millard Word will be sung by Miss Pauline Brigham and Mrs. J. D. Barker.

## STORK SPECIAL

Mr. and Mrs. Paul Lentner of Roswell, New Mexico, announce the arrival of a seven pound son on April 5th. He has been christened William Thomas. Mrs. Lentner was formerly Miss Lois Thomas of Canyon.

Born to Mr. and Mrs. O. J. Laas of Plainview, a daughter, Wednesday, April 12. Mrs. Laas will be remembered as Miss Fannie Cash of this city.

Mrs. Laura Saunders, Miss Anna I. Hibbets and Miss Jennie C. Ritchie were Amarillo visitors Monday.

## HERE AND THERE ON THIS AND THAT

Well, the wind still blows for us, but won't you be glad when it begins to rain and everything starts to grow again?

Is your row crop land ready to plant and have you got all the good planting seed you need? A good start with good seed makes a good crop possible, but a good start with poor seed makes a good crop impossible. It will be hurry up times soon for row crops and it pays to have your seed ready.

How much land have you terraced this year? There is enough rain here in even a dry year to make a crop, if we can only hold it on the ground long enough to soak in. Terraces and contour rows will hold it. Don't you just love those pointed, crooked rows? No? Well, are you farming for pleasure? Remember how good the feed was at the lower end of those rows you had running up and down the hill? That shows what holding the water on the land will do.

What's the matter with you swapping folks, anyhow? The editor was kind enough to run our swap ads free of charge, and after a few weeks we all quit. Don't you have anything else you don't need, or do you have everything else that you need? Ye Farmer made three or four swaps as a result of the swap ads, and none of his swaps were on his own swap ad.

And say, how about that trade day we ought to have this coming Monday? I haven't heard anyone wishing we could have it. You folks better talk it up if you want it. You can trade off some of that old "junk" you don't need, for something you want ever so much but just can't spare the money to buy. You trades people in town, what do you think about it? Don't you want the farming folks to trade with you? Better get in touch with them or they'll go to Happy, Hereford, and Amarillo in greater numbers all the time. The Teachers College is a good thing for Canyon as well as the surrounding country, and we are mighty glad to have so many cultured people with us; they help us in lots of ways—but the school teachers and the farmers are necessary to make this the best country in the Panhandle. Randall county is a dandy farming and stock raising region, and needs lots of advertising as such. Most of the school teachers are only here from three to nine months a year for from one to four years, but the farmers and other permanent citizens are here all the year round, from now on. It will pay you to cultivate their acquaintance, for their friendship will help your business to be bigger than it ever was before.

We wish to thank the editor for the space he allowed last week, and would like to make a few comments nearly every week, for a better Canyon and better Randall county farming, dairying, and stock raising.

YE FARMER.

## Marvin Jones is Praised By the Wichita Beacon

The following articles printed in the Wichita Beacon praise Congressman Marvin Jones for his work on farm measures in congress.

Behind the scenes of the political show in Washington there is usually an unsung hero. In the case of the consolidation of federal loaning agencies, and in the undertaking to finance farm mortgage indebtedness, the hero is Representative Marvin Jones, of Amarillo, Texas, chairman of the House Committee on Agriculture.

Chairman Jones' bill to take care of both of these financial functions was introduced during the last session of Congress and according to the result of a thorough search of the records, his measure was the first to suggest the consolidation that has resulted in the abolishment of the federal farm board and the reorganization of farm loaning agencies.

**Aid to Morganthau**  
He has been working with Chairman Henry Morganthau, Jr., for several weeks, perfecting the plan, and his suggestions have been carried out to a large degree.

It has been Chairman Jones' contention that if farmers were freed of the restrictive burden of short term credits, and excessive interest charges, a great part of his battle would be won.

He believes that the heavy mortgage indebtedness of the farmer retards his endeavors. He does not feel that the farmers' credit should flow to him freely and without the application of sound protection for the government.

## Believes in "Free Farmers"

Mr. Jones is one of those who believe in the doctrine of the "free farmer." He contends that debts bind debtors, and that it naturally follows that farmers relieved of the threat of foreclosure and the overpowering load of debt, would be free farmers, entitled to the pursuit of happiness.

Mr. Jones says: "If it were possible for every farmer in America to be free from debt so that he could plant his crops in proper season and grow them in independence, he would advance toward prosperity. If there could be linked with his freedom from debts the removal of the discrimination against him thru trade barriers and excessive freight rates, he would have a chance for success on the same dead level with the other fellow, and a large portion of his problems would be solved."

Mr. Jones enjoys a record in the house of never having been defeated on any bill which he has brought to the floor from his committee. He has the full confidence of members of his committee and of the House and they have habitually followed his suggestions on farm legislation.

## GRANDSON OF T. F. REID KILLED SUNDAY

"I want my telephone put back, please"

**H**ARDLY a day passes but that some person who gave up his telephone service in recent months orders it restored. In many cases, people feel that it is false economy to be without a telephone . . . that the small cost of the service is repaid many times each month in convenience, in time and actually in money saved.

Some miss the close and personal contact with friends that telephone service makes possible. Others mention the loss of many pleasant, impromptu social "get-togethers" when their friends are unable to reach them by telephone.

It is all true . . . what these customer friends of ours say. Telephone service costs so little and its value is so great that in most instances it really doesn't pay to try to do without it.

If you are missing your telephone . . . just get in touch with our business office. We'll send a man out with a telephone in a hurry.

## School Queen Crowned Friday Following Stunts

Stunt night at Canyon High School proved to be a big success. Seven clubs presented stunts. A prize of \$2.50 was given to the Home Ec. Club, who staged a manless wedding. The groom, Pee Wee Lowe, won the hearts of the judges. Second place went to the Tawawana club with their portrayal of "Pokey Huntus," featuring Lee Christine Cousins as "Pokey." She was a very attractive Indian maid. Miss Dickenson's press club presented "The Alphabetical Family," which took third place. H. B. Owen was the hero and Louise Wester, the heroine. A bull fight by the Spanish club did not get a prize, but was very amusing. The Latin Club's stunt was an old Greek Drama, "Pyramus and Thisbe." Pyramus (pin-head) was played by Jack Taylor. The part of the heroine was played by Hal Gamble. Jack Jennings makes a very attractive lion when his face is covered up. Other interesting stunts were: The Girls Athletic Association, who presented a tumbling act. The Pep Squad had a football game between Canyon and Hereford.

The coronation followed the stunts. Margery Tankersley and Austin Cone were the king and queen. Royal attendants were: Ruby Guthrie and Jack Taylor, Kenneth Black and Mabel Schmitz, and Athalee Overton and Alton Brasuel.

## Tennis Tournament To Be Held Here Friday, Saturday

Tennis teams from District One of the Interscholastic League will meet in Canyon Friday and Saturday, April 14-15 for the annual contest. Both boys and girls' teams of the Canyon High School will enter the tournament.

## Spanish Students To Observe Pan-American Day

Friday, April 14, is being internationally observed as Pan-American day. The Spanish department of Canyon High School is preparing a special bulletin board on Pan-Americanism. Special program is being given by El Circulo Castellano on Thursday. The Spanish students hope to hear the national program to be broadcast from Washington, D. C. on Thursday, April 13.

## GREENFIELD ENTERTAINS J. U. G. CLUB

The J. U. G. Club enjoyed a slumber party Friday, April 7. They sat up most of the night at Armer Lee Greenfield's home where they played games.

Saturday morning they went to the south creek and cooked their breakfast. Those present reported a wonderful time.

## Debates, Speech, and Declamations Contested Here

On the night of April 5, Senior Declamations were held in the High School Auditorium. Girls who received honors were Rosa Cash, first; Trannie Mae Russell, second; Verline Furlow, third; and Myrtle Chitwood, fourth. Robert Black won first, and Marvin Callahan, second in the boys' declamations.

Hereford's debate teams visited Canyon the same night. The boys defeated the Hereford team, but the girls lost to their opponents.

Extemporaneous speech contests were held with both boys and girls of Hereford. Marye Ella Lowe, Canyon girl speaker won while Robert Orton lost.

## Who's Who

Ruby Guthrie and Jack Taylor—Best looking couple at the coronation.

## Slaton Awarded Second Place at Latin Tournament

Amarillo High School Latin Department entertained a number of schools in the Annual Latin Tournament Saturday, April 8. Lunch was served to the guests at the Patricia Ann tea room. After the tests Saturday afternoon, the visiting students were taken on a tour of the city, featuring a view of Amarillo from the top of the Santa Fe building.

The climax of the day's events was a banquet at the Herring Hotel for the 170 guests. At this time the winners of the day's contests were announced. Nell Slaton was awarded second honor in the District Latin Essay Contest. Ribbons, cups and pins were awarded the winners. The representatives from Lubbock won many honors.

## Orchestra Plays For Plains Actors Here Saturday

The Canyon High School orchestra furnished music between acts for "The Prince of Liars," which was presented by the History Department of the College and some business men of the town. They played for both the matinee and the night performances.

## Students Entered Latin Tournament

Miss Jordan entered Nell Slaton, Inez Drummond, Thelma Bryant, and Freda Charles Bills in the Latin Tournament held Saturday in Amarillo.

The people can hardly wait for that new deal; they're beginning to shuffle in impatience.

## Commercial Law Class Presents Trial Wednesday

Last Wednesday at assembly a very interesting program was given by the commercial law class for the purpose of showing the student body how a real court was carried on. The defendant was J. H. Wright. Joe Collins and Robert Black were the leading lawyers, the latter defended Buchanan. The defendant was sued by the J. H. Wright Tailoring Co., for not paying for a suit which he had ordered from the firm. A jury selected from the audience, heard the evidence and found Buchanan guilty of breach of contract. Judge Brasuel read the verdict and the convicted had to pay for the suit, the court costs, and a fine, which summed up to about \$150.

## Debate Teams Meet Beulah Hi

Beulah High School boys and girls came to debate against the Canyon teams Saturday afternoon. The girls' team, Armer Lee Greenfield and Kathryn Robinson, won over their opponents, while the boys, Ogden Stroud and Joe Collins, lost.

## Freshmen Show Much Interest In Athletics

Canyon High School has one of the snappiest Junior Playground baseball teams in the district. They have accomplished more in play ground baseball than any other team in Randall county. Captain Wesley Cox, freshman, led his eight players to a victory over Palo Duro, Sunny Hill, and the Canyon Grade School at the county meet held here March 24 and 25.

Sewell Cox, the only freshman first team man won fame by running over and around the Vega boys at the first game of the season.

The freshman intramural basketball team went to the finals only to be defeated by the Seventh Grade boys.

Freshman boys coming out for spring football are Leslie Lisle, Wesley Cox, Thomas Harris and Sewell Cox. The freshman boys are expected to be seen in action next year.

## IN THE WORLD OF SPORTS

George Lott and Wilmer Allison, Ace U. S. Racquetters, Are Cinch Bets to Make the 1933 Davis Cup Squad

BY PHILIP MARTIN

ALTHOUGH the Davis Cup play doesn't start until May, when the United States' squad meets that of Mexico in Mexico City, the team committee of this tennis classic are busy poring over the past performances of the various American stars in an effort to select a winning squad.

At the beginning of the year the United States Lawn Tennis Association named its ranking players for 1932; and any one of the first ten men in these rankings, and possibly the eleventh in line, has a chance to make the grade with the 1933 Davis Cup squad.

Last year George Lott, then No. 2 ranking player in the country, declined to enter Davis Cup competition because of business reasons. Whether or not this action of Lott's had anything to do with his ranking this year, it remains that he was dropped from second to eleventh.

But they'll have a tough time ignoring George in selections this season. He has announced his intention to compete for a place on the team, and by the way the Chicago racquetter played during the winter tournaments in the south, he is going to be hard to keep off.

B. S. PRENTICE, chairman of the selection committee, has named Wilmer Allison, of Austin, Tex., as captain of the squad that will go to Mexico. That makes Allison a certainty to be a member of the squad.

Ellsworth Vines, Pacific coast sensation last season, who ranked No. 1 for the year, will not take part in the Mexico tie play. But Vines will be in the east to take part in the U. S. tilt with the winner of the Canada-Cuba tie, providing Uncle Samuel's boys weather the tiff with Mexico.

Vines is assured of a place on the Davis Cup team. His play with the squad last year was the bright light of the American squad's reason. He can't be ignored for any play.

GREGORY MANGIN, New York star, swept the boards in the national indoor tournament this winter. If the indoor star can display the same form on the clay courts as he did on the wooden field, between now and Davis Cup play, he'll be a certain member of

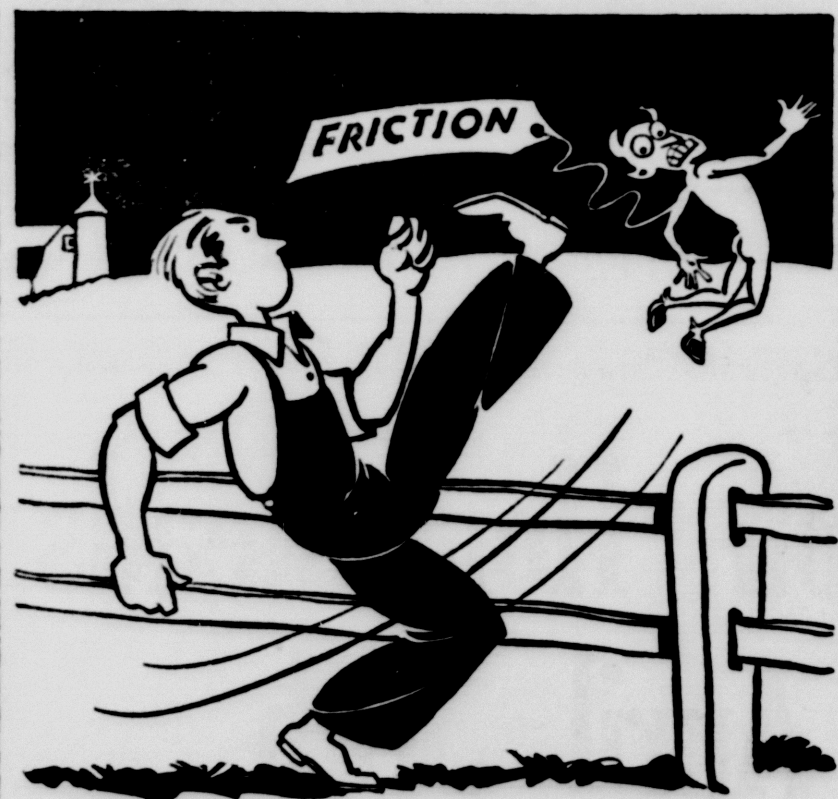

Wilmer Allison, above, left, of Austin, Tex., has been named captain of the Davis Cup squad that will meet Mexico this year. Two other players whose sensational work has practically assured them places on the squad are George Lott, right, and Ellsworth Vines, bottom left.

the squad. Mangin was ranked seventh by the U. S. L. T. A. this year.

The remainder of the squad will probably be selected from the following:

Frank Shields, New York, ranked No. 5; Cliff Sutter, New Orleans, ranked No. 3; Sydney B. Wood, New York, ranked No. 4; John Van Ryn, Philadelphia, ranked No. 9, and Keith Gledhill, Santa Barbara, ranked No. 8.

Of course, some young phenom can arise between now and the opening of Davis Cup play and unseat one of the veterans. But it is pretty certain that the players suggested herein, in view of their past triumphs and the Davis Cup experience of some of them, are merely awaiting the formality of the selection committee naming them.

What if Winter did leave your lawn straggly and patchy and bald in spots? It's hungry, that's all. Give it a breakfast of Loma and watch the green shoots pop up through the soil. Thickly. Quickly. You see, Loma puts back those important foods in the soil that Winter took out. Loma is the complete plant food. Just sift it on, wet it down... and in ten days, you'll have all the neighbors talking about your "golf-course" lawn. ## 207 Boys and Girls in Meet Held Saturday

The Third Annual Rural Invitation Track and Field Meet was held on the W. T. Campus Saturday, April 8, with 101 boys and 105 girls taking part in the events. Ten schools were represented.

Arthur K. Goodman, director, assisted by Miss Jean Moore and Miss Novella Goodman, all of the W. T. Demonstration School, had charge of the meet. W. T. physical education students, practice teachers and college high school students, acted as judges.

The ten schools present included W. T. Demonstration School, Palo Duro, Umbarger, Garrison, Sunny Hill, Jewell, Henderson, and Zita of Randall County; and River Road and Allison of Potter County.

In the Girls' Division the following ranking resulted: Demonstration School, 86 points; River Road, 77; Sunny Hill, 26; Palo Duro, 22. Boys' Division: Demonstration School, 98; Garrison, 51; River Road, 34; and Jewell, 23. Sunny Hill was a close contender for fourth place with 22 and three-fourths points.

Total points scored by the winning schools were: Demonstration School, 184 3-4; River Road, 110 3-4; Garrison 54 1-4; Sunny Hill 48 3-4; Palo Duro, 36; Jewell, 36; Umbarger, 6; Zita, 6; and Allison 2 1-2.

The results of the Playground Ball tournament were in the following order: Boys: Demonstration School, River Road, Palo Duro, Jewell, and Sunny Hill; Girls: Sunny Hill, River Road, Demonstration School, Palo Duro, and Umbarger.

According to Mr. Goodman, no previous meet of the rural schools has obtained better cooperation from all participating, both in the competition and the conduct of events. Interest was keen throughout the day.

W. T. S. T. C. extends an invitation to the various school officials to attend next year's meet in hopes that the part of "host" may be played with even greater satisfaction to the visitors.

## Will "Giant" Joe Reach 1000 Mark? One Season To Go

Giant Joe Fortenberry, Happy, Texas, youth who has had three years of basketball, football, track and field, and boxing under the tutelage of Coach S. D. Burton, and who captained the 1933 basketball squad, has aspirations to score a thousand points for W. T. in basketball before his college career is ended.

In 1931 the six foot seven inch center scored 209 points, 94 field baskets and 21 free tosses, in 21 games played. His 1932 record shows an increase of 22 points having scored 96 field baskets and 39 free points for a total of 231 in 21 games played.

During the past season he made 233 points, 95 field goals and 43 gratis shots, in 23 games.

With a total of 673 points, Fortenberry has 327 to make next season to reach the coveted goal of all basketballers, a round thousand in four seasons.

## Buffalo Star Wins Honors in Choice All-American Team

Joe Fortenberry, tall Buffalo center, was given Honorable Mention on College Humor's all-American basketball selections in an article written by Les Gage in the April issue of that magazine. Sixty basketball coaches over the country were asked to make the selections.

A first, second and third team were named. Reiff, Northwestern, and Sale, Kentucky, forwards; Johnson, Kansas, center; Smith, Pittsburgh, and Loughlin, Navy, guards; and Lewis, Oregon State, alternate, were chosen for the first squad.

Fortenberry has one more year at W. T. in which to compete for all-American collegiate honors. The past season was his third to letter for the Burton-men.

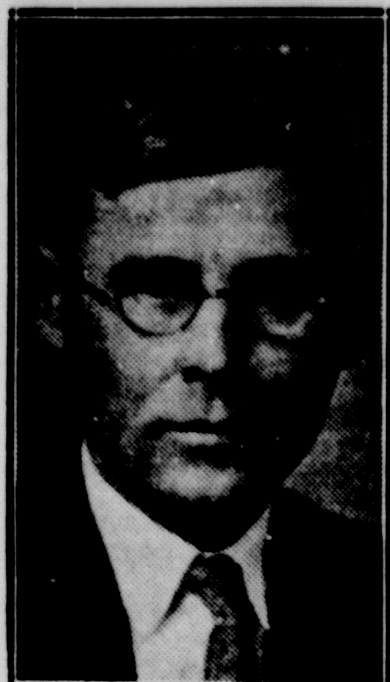

Mr. and Mrs. Leslie Barringer of Amarillo were guests of Mr. and Mrs. R. N. Barnett Sunday.

Mr. and Mrs. Ed Weeks visited in Pampa and LeFors Sunday.

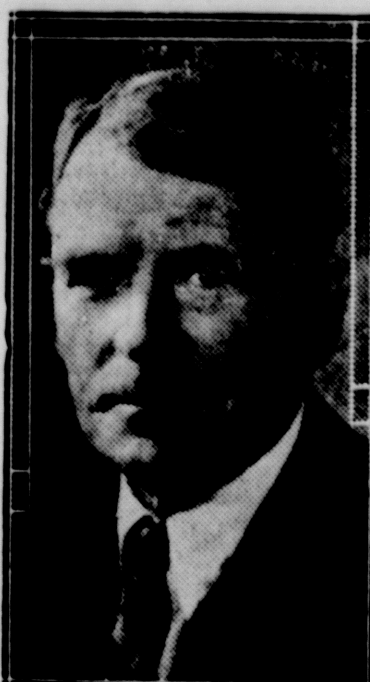

## W. T. WILL BE HOST TO THROGS FRIDAY

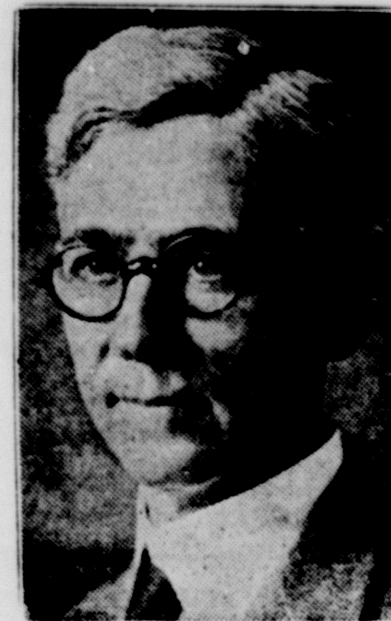

MRS. OLIVE K. DIXON

HORACE RUSSELL

JUDGE H. E. HOOVER

DR. J. A. HILL

L. F. SHEFFY

MRS. W. T. COBLE

Five of the directors of the Panhandle Plains Historical Society and the field secretary whose work on the building of the museum which will be dedicated in Canyon next week are shown above.

Mrs. Olive K. Dixon, Horace Russell, Mrs. W. T. Coble are of Amarillo; Judge H. E. Hoover of Canadian; Dr. J. A. Hill, president of the West Texas State Teachers College on whose campus the museum stands; and Professor L. F. Sheffy, field secretary.

## "Physical Education A Reality" Says Coach Burton

Practically every man in West Texas State Teachers College is participating in some form of spring sports. About forty are engaged in spring football, nearly as many are working at track and field events, a large number are found each afternoon after classes on the golf course. Others are playing tennis while a few are working in basketball, and about fifty are engaged in the required physical education.

"Physical Education and Sports for every student is more nearly a reality at West Texas than at any other time in the history of the school," declared Physical Director, Coach S. D. Burton.

## Glee Club

(Continued from first page)

At the Lubbock meet Prof. Wallace R. Clark was elected president, Herschel Coffee treasurer, and Miss Brigham contest director for 1933-34. The Association selects its officials from the College at which it will meet the following year.

Twenty-four girls were included in the Lubbock representation. Miss Frances Uesey accompanied them in their appearance.

The Club, through Miss Brigham, has expressed its thanks to those who furnished transportation: Mrs. J. A. Hill, Louis Minnert, Josephine Dufot, Betty Hicks and Mrs. Clyde Warwick.

The Glee Club: First sopranos, Josephine Dufot, Florine Bowman, Jessie Louder, Elizabeth Faulkner, Margaret Pierle, and Mary Jo Gates. Second sopranos, Lucy Jo Louder, Martha Nell Lang, Esther Root, Dorothy Faye Rusk, Dixie Foster, Frances Alice Clark, Gwendolyn Black, Lila Beth Burroughs, Ruth Greenfield, and Amogene Fowler. Altos, Novalee Hickox, Marion Hill, Laura Bills, Pearl McClure, Pauline Thompson, Betty Hicks, and Dorothy Clark.

W. T. furnished judges for several of the musical events. Mr. Clark judged the Piano Ensemble Concert Friday night held in Tech Gym. Mrs. Herschel Coffee judged Scale Playing and some piano concerts. Miss Brigham judged Theory and Hymn Singing.

be in the hands of the president, T. D. Hobart. This meeting is open to all who wish to attend whether they are members of the Society or not. A report of the building committee, an election of three members of the board of directors to succeed W. H. Patrick, Clarendon; Judge A. J. Fries, Childress, and Horace M. Russell, Amarillo, whose terms expire this year, and reports of officers and features of the meeting as well as the presentation of new business.

**Banquet to Be Bigger Than Ever**

Early this week it became evident that many people were going to meet serious disappointment unless more could be accommodated at the banquet. Accordingly President J. A. Hill appointed Professors L. F. Sheffy, R. A. Terrill and Miss Cleo Holmes to try to provide more room. Through the co-operation of Canyon business men, long narrow tables were constructed for use in the Cousins Hall dining room, and the seating capacity increased from 204 to 253, with all seats taken. Guests are coming from every section of northwest Texas, with a few from Oklahoma, New Mexico and distant points in Texas.

Because the banquet is always considered the crowning event of the annual meeting, it was decided to have the dedicatory address delivered there, and Judge J. D. Hamlin of Farwell was chosen to deliver it. Spice will be added to the program by the appearance of J. Evetts Haley, of Austin, who is known to all old timers in this section through his

work a few years ago as field secretary of the Historical Society. Hermon Pipkin, Amarillo attorney has been chosen toastmaster for the evening, and appropriate music will be furnished by Mr. Wallace R. Clark, accompanied by Miss Pauline Brigham and by Mr. Herschel Coffee, accompanied by Mrs. Coffee. The program of the banquet, as well as those of the other sessions, has been arranged by Professor L. F. Sheffy with the assistance of the officers of the Society.

In order to accommodate those who cannot visit the Museum during the day, it will be kept open until ten p. m., and the West Texas State Teachers College Band, in charge of Mr. C. E. Strain will furnish music during the evening hours.

## Three Colleges to Have Students in B. S. U. Meet

Representatives of W. T. S. T. C., Wayland College of Plainview and Texas Tech at Lubbock will meet here Saturday, April 15, for the B. S. U. Plains Conference to be held on the W. T. Campus.

A number of visiting luminaries will be on the program as well as several college professors and officials, eminent places in the day's events. W. T. students will also have program.

"Together" will be the general theme of the convention. The morning session will open in the main auditorium with Charles E. Taylor presiding. The Saturday chapel period will be turned over to the Conference. Robert Fling will be the main speaker. Special music will be given by the Wayland Ladies Chorus.

Lunch will be served the guests at 12:15 p. m. at the First Baptist Church. The afternoon session will be held there with Dr. J. A. Hill the main speaker of the evening.

Kenneth Kendrick and Ernestine Walker, both W. T. students, will take part in the program. Florine Bowman and Juanita Campbell are other W. T. students who will be heard during the day.

## Bufs Average 38 Points Game 1933 Basketball Season

A summary of the 1933 basketball season, closed when the Buffaloes lost to the Wichita Henry's in the quarter finals at the National A. A. U. Kansas City Tournament last month, shows that the W. T. representatives played a total of 24 games, winning 20 and losing only 4. Two games were lost to the Henry's, one to Phillips University of Enid, Okla., and one to the Southern Stage Liners of Kansas City.

A grand total of 922 points were scored by the Bufs in contrast to 679 by their opponents. This aggregates a total of 38 each game for the Buffaloes and 28 for the opposition. In other words the Bufs won their games, on an average, by the comfortable margin of 10 points.

## Rotary Club Has Message Regarding Red Cross Work

A. T. McCue of St. Louis spoke Tuesday at the luncheon of the Canyon Rotary Club regarding the work of the Red Cross. He was here to give a course on Life Saving at the College.

President Oscar Gano announced a nominating committee composed of Clyde Warwick, Doug Shirley and Wes Kleinschmidt, which will recommend officers for the coming year.

Visitors Tuesday were John E. Hill, W. W. Kelly and H. B. Lotts of Amarillo.

Dr. Marvin Sadoris of the Resolutions committee was in charge of the program Tuesday.

Mr. McCue outlined the work of the Red Cross. It was the only national set up which could be used in distributing the wheat and cotton which the farm board had to give to the needy in America. More than 100 disasters in 1931-32 were given relief. With all of the fine national organization, it would be impossible for the Red Cross to render efficient service, except through the volunteer service which was extended by local workers.
